INDEPENDENT AUDITORS' REPORT

To the Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the accompanying consolidated financial statements of the Corporation of the City of Hamilton ("the entity"), which comprise the consolidated statement of financial position as at December 31, 2014, the consolidated statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Corporation of the City of Hamilton as at December 31, 2014, and its consolidated results of operations, its consolidated changes in net financial assets and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

The City of Hamilton assumed social housing responsibilities on December 1, 2001. The share capital of City Housing Hamilton Corporation is 100% owned by the City of Hamilton and a separate Board of Directors has been established to provide oversight responsibilities for the Corporation.

City Housing Hamilton Corporation has been consolidated on a line-by-line basis after conforming with the City's accounting principles after eliminating inter-organizational transactions and balances.

Hamilton Utilities Corporation ("H.U.C.") and Hamilton Renewable Power Inc. ("H.R.P.I.") are subsidiary corporations of the City and are accounted for on a modified equity basis, consistent with the generally accepted accounting treatment for government business enterprises (Note 4). (b) Basis of accounting

Revenues are recorded on the accrual basis of accounting, whereby revenues are recognized as they are earned and measurable. Expenses are recognized in the period goods and services are acquired and a liability is incurred.

(c) Use of estimates

The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Significant estimates include assumptions used in estimating provisions for allowance for doubtful accounts, donated tangible capital assets, solid waste landfill liabilities, and in performing actuarial valuations of employee future benefit obligations.

Where estimation uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

(d) Cash and cash equivalents

Cash and cash equivalents are comprised of cash on hand, cash held in financial institutions and temporary investments with maturities of 365 days or less.

City of Hamilton

Notes to Consolidated Financial Statements

1. Significant accounting policies (continued)

(e) Portfolio investments

Portfolio investments are comprised of fixed income securities primarily federal, provincial and municipal government bonds and federal government treasury bills. Portfolio investments are valued at cost less any amounts written off to reflect an other than temporary decline in value.

(f) Deferred revenue – obligatory reserve funds

Receipts which are restricted by legislation of senior governments or by agreement with external parties are in nature restricted revenues and are reported as deferred revenues. When qualifying expenses are incurred, deferred revenues are recognized into revenue in the fiscal period they are expended.

(g) Employee future benefits and other obligations

Employee future benefits and other obligations for retirement, post employment and pension benefits are reported in the Consolidated Statement of Financial Position. The accrued benefit obligations are determined using management's best estimates of expected investment yields, wage and salary escalation, mortality rates, termination and retirement ages. The actuarial gain or loss is amortized over the expected average remaining life expectancy of the members of the employee groups.

(h) Tangible capital assets

Tangible capital assets are recorded at cost which includes all amounts directly attributable to acquisition, construction, development or betterment of the asset. Donated or contributed assets are capitalized and recorded at their estimated fair value upon acquisition and recognized in revenue. Leased tangible capital assets are valued at the present value of the future minimum lease payments. Certain tangible capital assets for which historical cost information is not available have been recorded at current replacement cost deflated by a relevant inflation factor.

Amortization for road linear assets is calculated on a consumption basis using road deterioration curves. The City's open landfill site is amortized based on units of production (capacity used during the year). All other tangible capital assets are amortized on a straight-line basis over their estimated useful lives. One half of the annual amortization is recorded as amortization expense in the year of acquisition or construction and in the year of disposal. Estimated useful lives range from 3 years to 100 years as follows:

General - Land improvements	20 to 75 years
General - Buildings	20 to 50 years
General - Vehicles	4 to 20 years
General – Computer hardware and software	3 to 5 years
General – Other – Machinery and equipment	3 to 100 years
Infrastructure – Roads	10 to 50 years
Infrastructure – Bridges and other structures	40 to 75 years
Infrastructure – Water and wastewater facilities	20 to 40 years
Infrastructure – Water, wastewater, stormwater linear network	18 to 100 years

The City has leased tangible capital assets which are amortized over the term of the lease, ranging from 5 to 50 years. The cost, accumulated amortization, net book value and amortization expense have been reported in these consolidated financial statements.

Assets under construction are not amortized until the asset is ready for use. All interest on debt incurred during construction of related tangible capital assets is expensed in operations in the year incurred.

Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished.

(k) Long term receivables

10. Pension agreements

(a) Ontario Municipal Employees Retirement System

The City makes contributions to the Ontario Municipal Employees Retirement System (OMERS), which is a multi-employer plan, on behalf of approximately 6,811 members of City staff and councillors. The plan is a defined benefit plan, which specifies the amount of the retirement benefit to be received by the employees, based on the length of credited service and average earnings.

The latest actuarial valuation as at December 31, 2014 indicates a “going concern” Actuarial Deficit based on the plan’s current member and employer contribution rates. Contributions were made in the 2014 calendar year at rates ranging from 9.0% to 15.9% depending on the member’s designated retirement age and level of earnings. As a result \$50,632,000 (2013 - \$49,036,000) was contributed to OMERS for current service.

As OMERS is a multi-employer pension plan, any pension plan surpluses or deficits are a joint responsibility of all Ontario municipalities and their employees.

(b) Other pension plans

Approximately 430 employees of the City are members of three defined benefit pension plans and will be future beneficiaries under their terms and conditions. Actuarial valuations of the pension plans for funding purposes are required under the Pension Benefits Act every three years. The actuarial valuations of the pension plans for accounting purposes provide different results than the valuations for funding purposes. For funding purposes, one of the pension plans is in a net asset position and two of the pension plans are in a net liability position.

The actuarial valuation of the Hamilton Wentworth Retirement Fund (“HWRF”) pension plan as at December 31, 2014 is based on a number of assumptions about future events including mortality, inflation rates, and interest rates. The unamortized actuarial gains and losses on plan assets and the accrued benefit obligation are being amortized over ten years representing the expected average remaining life expectancy of the plan members. The accrued pension liability reported in the Consolidated Statement of Financial Position is comprised as follows:

11. Solid waste landfill liabilities

The City owns and operates one open landfill site and it owns and maintains twelve (12) closed landfill sites.

The active landfill site in the Glanbrook community was opened in 1980 covering 220 hectares over two phases with a capacity of 13,258,000 cubic metres of waste. Phase 1 has a capacity of 8,403,000 cubic metres. As at December 31, 2014 the remaining capacity of Phase 1 is estimated to be 664,000 cubic metres, representing 8% of its capacity. Phase 1 is expected to reach its capacity and close in 2018. Phase 2 has a capacity of 4,855,000 cubic metres and as at December 31, 2014 has yet to begin accepting fill. Phase 2 is estimated to reach its capacity and close in 2043.

In 2014 approximately 50% of waste generated was diverted from landfills (2013 – 50%).

The closure costs for the open Glanbrook landfill site and post closure care costs for the closed sites were based upon management estimates, adjusted by 3% inflation. These costs were then discounted back to December 31, 2014 using a discount factor of 4.5%. Post closure care for the Glanbrook site is estimated to be required for 50 years from the date of closure of each phase. Studies continue to be undertaken to assess the liability associated with the City's closed landfill sites and the estimates will be updated as new information arises.

Estimated expenses for closure and post-closure care are \$32,774,000 (2013 - \$37,866,000). The expenses remaining to be recognized are \$6,690,000 (2013 - \$9,211,000). The liability of \$26,084,000 (2013 - \$28,655,000) for closure of the operational site and post closure care of the closed sites has been reported on the Consolidated Statement of Financial Position. A reserve of \$925,000 (2013 - \$903,000) was established to finance the future cost for closed landfill sites.

INDEPENDENT AUDITORS' REPORT

To the Members of Council, Inhabitants and Ratepayers of the City of Hamilton

We have audited the accompanying financial statements of the Trust Funds of the City of Hamilton, which comprise the statement of financial position as at December 31, 2014, the statement of operations for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Trust Funds of the City of Hamilton as at December 31, 2014, and the results of its operations for the year then ended in accordance with Canadian public sector accounting standards.
